EXPERIENCE

I have had some previous experience in motorsport after working for the Laser Tools Racing BTCC team in 2019 in this time I received experience in how the cars work and how the team prepare for race meetings. I am passionate about motorsport and love watching racing of all kinds, especially when the creative genius of Adrian Newey is shown.

EDUCATION

2020

ADVANCED HIGHERS, MORRISON'S ACADEMY

In my advanced higher exams this year I got an A and 2Bs'. With an A in music and Bs' in mathematics and physics.

2019

HIGHERS, MORRISON'S ACADEMY

In my higher exam last year, I got 3As' and 2Bs'. The As' were in mathematics, physics and chemistry. My Bs' were in music and history.

2018

NATIONAL 5, MORRISON'S ACADEMY

In my national 5 exams I got 4As' in chemistry, physics, music and English, I got 3Bs' in mathematics, history and computer science, I also got a C in Spanish.

SKILLS

- In my time at school I have picked up several core working skills in this time.
- One of these skills is leadership. Which I picked up through my time in my schools CCF.
- I work well in a team through my time playing rugby.
- I am a hard worker and never give up when there is a task to be achieved.

ACTIVITIES

I have worked hard balancing my schoolwork and all my activities I take part in to optimize my exam results. One activity I have taken part in is the Duke of Edinburgh award scheme, I am currently in the

process of getting my gold award after completing both the silver and bronze awards. I also played the bagpipes in my schools pipeband, with the band I have toured the world going to Malaysia, Oman and Ireland to perform. I have also been part of my schools CCF where I have taken on several leadership roles, one of these roles was becoming the Cadet Sergeant Major, the head of the whole club. The CCF also promotes teamwork a part of this activity I have embraced. I also play rugby and am a key player in the team, my time in the team has given me integral teamwork skills, skills I appreciate having.

OVERALL

Overall, I think I would be a great addition to the team and would work hard to give Glasgow a leading edge in the Formula Student category.
