## INTERNSHIPS

Super Computers

2017, 2019 (2 months in total)

Worked in the computer repair & setup section while also helping with the distribution and setup in client offices including customer services. Was involved with trouble shooting with both software and hardware issues.

MasterKids Education

July 2019 (1 Month)

Assisted the instructors with project/demonstration setup while also helping manage the class of approximately 20 kids aged 6-10. The tasks revolved around teaching robotics and science in an entertaining manner.

Kemal Saraçoğlu Foundation

Occasional

Packaging, cleaning, filing and assisting with the management of social media during busy periods

Has-Der

3 months, one hour per week

Has-Der is an organization which produces handcrafted souvenirs. Catalogued all of the available products and uploaded them to their social media accounts as a part of the Duke of Edinburgh Bronze Award.

Education USA / Applimates

Sept 2019 – Feb 2020 (6 Months)

Edu USA is an organisation backed by the US Embassy that provides counselling services and offers fairs and courses for students applying for college in the USA. I was their social media manager which involved creating posts and publishing advertisements on social media platforms.

## OTHER ACHIEVEMENTS

- Have been active in the Senior Choir for 3 years, I was in a main role in a musical production in 2018 and 2020
- Has been a member of the Robotics Club, winning 3<sup>rd</sup> place in the Robotics section of the First Lego League competition in 2018
- Helped a Junior Achievement Company as their Chief Technology Officer (CTO)
- Has recently presented a science project in the London International Youth Science Forum held in Imperial College campuses
- Has received the highest raw grade in Cyprus for Drama GCSE and received an award from Pearson.
