Personal Profile

A hard working, polite and reliable university student with excellent communication skills who enjoys working with others. I am a quick learner and enjoy learning new skills and taking on new challenges and responsibilities. As well as this I am a proven team member as shown by group activities at university and from my time as a Kitchen Porter. I am also an excellent problem solver who can use my initiative to get things done. I am now looking for a part time opportunity where I can use my strengths to prove myself a valuable member of the team.

Key Strengths

- **Excellent communication skills** – As proved when working in a busy Kitchen
- **Excellent problem solving skills** – Currently studying Software Engineering
- **Great computing/IT skills** – As proved by school qualifications
- **Can work great as part of a team and in a solo environment** – Shown by Kitchen work
- **Can keep calm, focussed and patient** – As proved by work in busy Restaurant

Education History

MSci Software Engineering, University of Glasgow **2019 - present**

Larbert High School, Falkirk **2013 - 2018**

Computing	HNC	A
Chemistry	Higher	A
Maths	Higher	A
Physics	Higher	A
Graphic Communications	Higher	B
English	National 5	B

Employment History

Kitchen Porter, Coppertop , Falkirk

- Worked as part of a team in a constantly busy kitchen, keeping kitchen clean and tidy, learned new tasks and took up roles outside of my job title, such as making and plating the deserts for customers.

Additional Information

I enjoy to program in a variety of differing languages each for a large number of projects, I also enjoy snowboarding in my free time when the opportunity is available to me. I am currently learning to drive.
