

Callum Macaulay – CV

Contact Information

Name: Callum Macaulay **Age:** 18 **Sex:** Male **Nationality:** Scottish **D.O.B:** 07/07/02

Phone Number: 07768 634589

Email: callumbmacaulay@me.com

About Me:

I achieved A's in all my exams and next year I will be going into my first Year at Glasgow University to study Mathematics. I am an independent, committed individual who's looking for part time work until mid-September, in pursuit of a new challenge along with the opportunity to gain the funding I need for my student accommodation next year. As of yet I have never had an official job, but I'm hoping to change that soon.

Work Experience:

Tayport Community Garden, Tayport - Volunteer

During the summer of 2018 I helped out every week at the Tayport Community Gardens. I was a volunteer so I was not paid, but working there helped me develop my confidence and communication skills.

Judoki, Tayport - Judo Instructor

For the past few years I have helped out teaching a judo class for young children. It has only been voluntary but since I've been going to the same judo clubs since I was 8, I feel it's right to pass on some of my knowledge to the younger generation. Overall it has been a great experience, I love working with the younger kids and helping them develop their social and Judo skills.

Young Professionals, Online – Work Experience

"Callum Macaulay took part in our Young Professionals Work Experience Week. They were enthusiastic and contributed positively to the tasks at hand. Even during these extraneous circumstances, they showed commitment and we valued their participation during the event. They have gained many skills to prepare and jump-start their early careers, while also refining their natural talents and strengths.

If you need further information, please do not hesitate to get in touch."

Dan Miller, CEO - Young Professionals

Education and Qualifications:

National 5's:

Mathematics - A	Chemistry - A	Spanish - A
English - A	Computing - A	
Biology - A	Drama - A	

Highers:

Mathematics - A	Chemistry - A	Spanish - A
English – A	Biology - A	Drama – A

Advanced Highers:

Mathematics – A	Biology - A	Drama – A
-----------------	-------------	-----------

Key Skills:

I would be an ideal candidate for most jobs, I can work as a front of house staff member, as I am confident and outgoing. I have good manners and am always willing to listen to others. I can work well as a part of a team. Thanks to studying Drama, I am a good communicator and I'm always willing to put forward ideas.

Equally, however, I enjoy being by myself and working away on tasks assigned to me - making me suitable for backroom positions.

I am capable of working on a computer – I am experienced with applications like Word or Excel and I have a knowledge of how to code basic programs.

I am good at keeping my cool during stressful situations. I've always enjoyed being a stressed, I think it's when I perform best (e.g. when I'm in exams/before a judo competition), thus I am capable of being a rational thinker while under pressure.

I'm willing to work from home or outside, and my schedule is highly flexible.

Hobbies and Interests:

I am highly interested in health and fitness. I stay in shape by going to the gym often, and through my Judo training.

As well as Judo, I am a fan of other martial arts. I enjoy keeping up to date with MMA and Boxing, and always try to watch the "big fights."

I am very into fashion and streetwear, especially shoes. Although I don't always have enough money to hop-on them, I try to keep up with what is popular in fashion.
