**Personal statement:**

I am an outgoing and polite person who takes a practical and sensible approach to work and I am able to take the initiative and work independently if required to do so. I am also good at working in a team. I have limited work experience, but I have always played lots of team sports, so I can cooperate well, but also be a leader. I have developed these skills as part of a Sports Leaders programme at my school which involved activities such as refereeing primary school children, who are full of energy and require simple, concise instruction.

**Work experience:**

*November 2018 to May 2019* - Busser at Whitstable Oyster Company. Here my job was to take drinks to tables, clear up after the first and second course, and also prepare the desserts myself.

*Summer 2017* - HQ, Tankerton, I worked for a short spell sweeping the floor and assisting hairdressers at the HQ salon in Tankerton.

*Summer 2015* - I worked as a waiter at Mrs Jones' Kitchen in Canterbury.

My responsibilities included carrying food and drinks, taking orders and using the EPOS till and cleaning tables at this busy 80 seater restaurant.

I was in the upper sixth of Simon Langton Boys School, studying Maths, Physics and Design A-Levels, until it was forced to close. I achieved 7s, 8s and 9s at GCSE and I achieved A\*BB in my A-Level subjects.
