EXPERIENCE

Benugo section leader-Urquhart castle

august 2019 - January 2020

Supporting management team by leading tasks and shifts. but which came with more financial and health and safety-related responsibilities, i.e. counting cash register at the end of the day, charged with overlooking production as well as being in charge of the day to day due diligence

Benugo team member-Urquhart castle

March 2018 - august 2019

I did a variety of tasks, some of those being washing the dishes, preparing the food to be sold throughout the day, making sandwiches, managing the cash register and making coffee. I learned a broad scope of skills while working here such as

EDUCATION

The University of Glasgow- aeronautical engineering bEng

Due to start September 2020

Accepted an unconditional offer before receiving 6th year results.

Charleston Academy, Inverness

August 2014 - May 2020

Place where I achieved my National 5's, Highers and Advanced Highers.

PROJECTS

While I'm in university, I plan to learn Chinese, join a model engineering club and return to American football and play for a local club. I hope to go beyond a bEng in aeronautical engineering and get a masters and perhaps even do postgraduate work and get a doctorate.

EXTRACURRICULAR ACHIEVEMENTS

I was a competitive member of the Inverness harriers from 2015 till 2018. I competed in the 100-400m sprints, and I was part of the relay team. I achieved UK rankings for the 100 and 200m as a first-year u17. I broke numerous school records in athletics and still hold many to this day.

I then played American football for the highland wildcats in 2018, I played running back and nose tackle, and with my team, I won a Scottish championship, and we were the 5th best team in the country.

SKILLS

perfectionist

Hardworking

Fast learner

Problem solver

Reliable

Punctual

Competitive

Driven

Great teamwork

AWARDS

Advanced higher maths and all prerequisite qualifications

Advanced higher physics and all prerequisite qualifications

Higher biology and all prior qualifications

Higher chemistry and all prior qualifications

Higher English and all prior qualifications

Higher engineering (as a crash higher)

National 5 french

CPL online training:

Food safety

2hour salps training

Allergen awareness

Food safety at work
Fire safety

Food hygiene

LANGUAGES

English and French (fluent)
