## TO WORK ON THE AERODYNAMICS/ DYNAMICS SIDE OF THE PROJECT

To work with others to not only further my ideas and designs, but to consider everyone's thoughts and inputs to develop and explore the possibilities of what is possible with the project.

## SKILLS

- Able to work well with others
- Good Communicator
- Problem Solver
- Conscientious Worker
- Enjoy a Challenge
- Perfectionist

## ACTIVITIES

I have always been very passionate and enthusiastic about Engineering and physics, and how it affects our everyday lives. I have always been deeply fascinated about how people take ideas and rough designs from their sketchbooks, and turn them into real working machines with incredible capabilities.
