Model United Nations

I've been an avid participant of Model United Nations conferences that have both taught me leadership skills, experience working as a team to solve conflict and public speaking. Along with improving my multicultural mindset.

Editor-in-chief

Martial Arts + Sports

Having practiced Karate for a total of 5 years as well as having some elementary knowledge of Krav Maga, I see the benefits of martial arts as a way of building mental and physical resilience.

Other physical interests include rock climbing, hiking and overall physical improvement.

Film Festivals

I've been passionate about making film from a very young age and my movies have been featured in multiple film festivals, including the one that I have started myself.
